In Time of Peace, Prepare for War.—The warm weather is at hand, and as experience is the best teacher in the universe, we would advise all who are affected by a change of season, to get a supply of Dr J. Hostetter's Bitters, as a stand-by for the summer.

Last year during our sickly times, these Bitters were proved invaluable as a tonic agent, and it will be well to profit by the experience and lay in a supply in time.

THE OLD EAGLE GOING IT WITH A RUSH

The Eagle

STEAM FOUNDRY

OF

TURTON & SERCOMB,

296, 298, 300, 302 and 304, West Water Street

IS still in full blast, working day and night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing Machine or Shaping Machine, three Lathes, and a machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine, and Blacksmithing business. They never were in a better position for doing business, and defy competition in any department.

In regard to the character of the work got up by this, *The Oldest Establishment in the State*, the Proprietors refer to that in successful operation throughout the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, as I know how work should be done as well as the next man. They continue to manufacture **Flour and Saw Mill Gearing and Steam Engines**, on the most approved principle.

They have always on hand a large stock of BRASS WORK, such as *Gauge and Cylinder Cocks, Oil Cups & Cocks, and Steam Whistles.* Also *Turton's Files*, which they will sell at the lowest cash prices.

They are also Agents for *Eastman's Patent Steam Gauges*, which are well worth the attention of all who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

THURSDAY, OCTOBER 2 SECOND,

DAY AND EVENING.

ALL citizens of Wisconsin and Northern Illinois who are opposed to the further Extension of Slavery and to the continuance of tyrannny and barbarism in Kansas, are invited to meet in

GRAND MASS CONVENTION

in Milwaukee, on THURSDAY, OCT. 2d

CASSIUS M. CLAY and JOSHUA R. GIDDINGS have already accepted our invitation, and promised to be with us.

Among the speakers from abroad who have been invited, are Wade and Gallaway of Ohio, Gov. Bingham and Geo. C. Bates, of Michigan, Gov. Koerner, Trumbull, Becker and Hoffman, of Illinois, Gen Myers N. Y., and H. P. Banks of Mass.

Notice will be given from time to time, as their replies are received, of those who may positively be expected.

Arrangements have already been made with most of the R. R. Companies, and will probably be made with all, to carry at half fare, all who attend.

Friends of Fremont and Dayton!

Turn out in your strength on that day! Come with your stout hearts and voices to swell the chorus of FREEDOM! Come with your music and banners! Come and let us take counsel together in a noble cause!

MILWAUKEE, Sept. 29, 1856.

The Game.

The Fillmore Fizzlers, last evening, nominated Samuel Bishop, an open Fremont man, for Congress, to help Mr Hadley. When told that Mr. Bishop was a Fremonter, they replied that they did not care—that they had assurances that he would run. It may be so, but if he does, it will deceive nobody. Everybody will understand the object of the movement. It may let in a little light upon the past, but we do not think, in the present temper of the public mind, any trading operations can lower the Fremont standard to the level of the road over which the Barstow candidate has to travel.

P. S.—We understand that we were fairly proposed as a nominee for Congress, and had not the chairman refused to put the motion, we should undoubtedly have been nominated. We hardly think it fair for the Kennedy family to indulge their personal feeling to such an extent as to cheat us out of our rights. What a splendid run we should have made as the *News* and Fillmore Barstow candidate for Congress in this District! We should have swept the course like a dead calm in summer on the prairies.—Well, we congratulate the Fillmore baker's dozen on their good luck in getting a Bishop to *shrive* their needy souls.

It is not often that the public are called to witness the christening and funeral services performed for the same persons, at one ceremony.

The Land Grant Egg

Is to be hatched to-day at Madison, and we wait to see what is to be brought forth. If the names of the corporators are such as the papers set forth, then there will be deep dissatisfaction with the report of the Committee. In these times of public defalcation and public peculation, to place such a trust as two and a quarter millions of acres of land in the hands of men who have not the public confidence, is an outrage upon the people. No defaulter, nor gambler, nor public peculator, nor bankrupt nor one who covers up his property to keep it from the hands of honest creditors, and no one who defends the swindles of "the forty" and the robbery of the State Treasury and the School fund, or who apologizes for such rascalities, should have anything to do, as corporators, with the Railroad Grant. The indignation of the people will know no bounds if such men get possession of this grant. The Republican party will be held responsible for the disposition of these lands, and we call upon any Republican who does not wish to damn the party to lasting infamy, to vote against any man, no matter to what party he belongs, who has not a character for the strictest honesty.

☞ While in many parts of the country the apple crop will be very short, the orchards in Maine are said to be loaded with fruit.

Burning of the Steamer Niagara!

DREADFUL LOSS OF LIFE!!

The steamer *Niagara*, of the Collingwood line, took fire off Port Ulao, some five or six miles from shore, about 4 o'clock yesterday afternoon, and burned to the water's edge.

She took fire amidships, and though headed ashore immediately, so rapid were the flames, that the engine stopped working in five or six minutes afterwards. The scene at once was one of the wildest confusion, all sensible that death stared them in the face, and eager to save their lives, if possible. The first boat lowered, went down one end first, and swamped all aboard it.

F. S. Miller, Captain of the *Niagara* reports that there were about 80 cabin passengers, but has no recollection how many steerage; thinks there must have been over 150 all told besides the crew; thinks the first clerk Mr Hely was lost—the second clerk was at Port Washington, but so exhausted that he could not speak. The *Niagara* had a very large load of freight total loss. Not a pound of anything saved.

CREW SAVED.

Master—Capt. F. S. Miller; Mate— ——; 3d Engineer—N. McKinnon; Waiter—W. J. Thourbonner; Firemen—A. Snider 1, Gordon do; Robt. Gillispie do; A. Carry do; A. O. Dell do; Waiter—Daniel Osborn.

The steamer *Traveller* was at Port Washington, taking on freight when she saw the fire, and immediately started for the vessel.

The following is the list picked up and saved by the *Traveller*, and brought to this port:

Harvey Ainsworth, Royalton, Vt; I B Curtis, Steuben Co. N Y; Henry Locke, Washington Co, Vt; Wm Hogg, Buffalo, N Y; John Hill, Collingwood, C W; H Chalmers and lady, N H; J Locke, Waterbury, Vt; Henry Locke, Waterbury, Vt; Lewis Hart, Utica, N Y; J P Kennedy, Minnesota; Hugh Kennedy, St Lawrence Co, N Y; Jadia Kennedy, St Lawrence Co, N Y; C D Westbrook, Green Bay, Wis; Dr I H Aiken, Concord, N H; Jas Robinson, Knox Co, Ill.

Mr Hugh Kennedy lost his wife and daughter.

The schooner *Dan Marble* when the fire first broke out, was head of for the steamer, but as the fire had been raging half an hour when the *Marble* reached her, many were already lost and others struggling in the water, except a few who were clinging to the wheels. The *Marble* saved 32.

The *Pilot*, a schooner from Port Washington, and a clipper schooner, bound up, were on hand, and rendered what assistance they could, but the water was so cold that no one could live in it.

The propeller *Illinois* took up a large number to Port Washington.

We have not yet been able to get the names of the saved or lost. Hon. John B. Macey was aboard, and it is feared is lost. Mr. J. R. Goodrich, of this city, is said to have been on board. Capt Miller was the last one taken from the wreck, and was saved. The clerk and steward were lost.

H. Ainsworth, of Royalton, Vt.—who stopped at the Walker House—lost his wife and three children, (the eldest a girl of fifteen) his father and brother's wife, who was under his care—her husband (Mr A's brother) having left the boat at Sheboygan and proceeded by land with a span of horses and carriage to meet them here, when the whole family were going to Baraboo. Alas! he will never meet his wife on earth again! Mr. Ainsworth and family got hold of a rope or hawser, and held on to it till burned off or parted, when all but himself were drowned.

This terrible loss of life is owing to the inexcusable neglect of the Company. Had there been 150 of the stool life preservers aboard, such as were exhibited here last summer, and costing but about a dollar and a half each, every soul on board might have been saved. No boats should be suffered to float on these lakes without ample means on board to save the lives of all the passengers and crew from drowning in case of fire or the sinking of a vessel. It is criminal indifference to the lives of passengers which allows such neglect.

WHITEWATER.—We regret that unforeseen circumstances prevented us from attending the Fair of the Farmers' and Mechanics' Club at Whitewater, to-day, as we had intended. There will, doubtless, be a large gathering and a fine show. There is to be a Kansas dinner to-day, and a grand Kansas Aid Ball at the Metropolitan Hall to-night.

We regret to see the Whitewater *Gazette* oppose, in an editorial of a column in length, the Kansas Aid Societies in their efforts to relieve their suffering brethren and sisters in Kansas. Mr. Leonard, the editor, though supporting Fremont, is a Southern man in principles and sympathies, and much allowance should be made for a man of that stamp.

PROSCRIPTION.—Thos. G. Shoemaker, Receiver of Public Moneys in Kansas Territory, the only Free State man among all the Federal office holders in that Territory, has been removed.

Mr Shoemaker has always been a democrat, was formerly a resident of Illinois, and a friend of Douglas. He will take the stump in Illinois for Fremont and Freedom.

SHEBOYGAN COUNTY.—The Sheboygan *Zeitung* says that in that city there are scarcely ten Anglo-Americans who go with the Buchanan slavery party, and in the county only one in a hundred. It calls upon the Germans to arouse to a sense of their duty, and show that they are not less devoted to the principles of Freedom.

PIERCE REPUDIATED AT HOME.—At a large meeting at Concord N. H. on the 22d inst., to make arrangements to give President Pierce a public reception Mr. L. F. Flint offered the following resolution, which was adopted by a vote of four to one.

Resolved—That it is inexpedient, as citizens of Concord, to make arrangements for giving a public reception to President Pierce at the present time.

DISCOVERY OF A TUNNEL IN PERU.—In the interior of Peru has been discovered a beautiful tunnel under a river, the work of the old Inca Indians and a lasting proof of their civilization.

UNANIMOUS FOR FREMONT.—Kilbourn City, a place containing 100 inhabitants, does not contain a single Buchanan man.

THE GREAT FILLMORE CONVENTION!

Some 200 persons collected at the Court House last evening, to witness the great Fillmore demonstration, which had been advertised through the newspapers, and by handbills, for the past six or eight weeks. Of this number, not more than twenty were Fillmore men—the rest of the audience being made up of supporters of Fremont and Buchanan—a large majority of them being in favor of the election of the latter, and came to the meeting for the express purpose of encouraging the Fillmorites. Many of the Fillmore speakers remarks were loudly applauded by prominent Democrats.

Leonard Kennedy presided, and little Kennedy acted as spokesman, making, we believe, every motion that was offered.

Speeches were made by Messrs. Dakin and Totten of Waukesha, L. W. Kennedy and Prof G. L. S Starks of Milwaukee.

Prof. Starks, who was very unexpectedly called upon, and wholly unprepared, made a "set speech." Those who read his *brilliant* and *powerful* article on the "*Occidentalism of the Yankees*," and other similar effusions, published in the *American*, will readily understand the character of his speech, and we will not attempt to give a sketch of it, as no report of ours would do it justice.

The Chairman just before the meeting adjourned, made a few remarks, directed particularly against upstart Fremontism, and his sectional supporters, but carefully avoided saying a word that would offend the Buchaniers.

It was evident throughout, that the meeting was got up for the especial benefit of the Sham Democracy, but the scheme will be of no avail to the Buchaniers in this State.

The Fillmore Convention.

The Fillmore Convention met according to notice, at 10 o'clock A. M., when committees were appointed to draft resolutions, &c., and then adjourned to 7½ o'clock P. M.

At the appointed hour the Convention met L. Kennedy was chosen President, and C. C. Meservey Secretary.

C. C. Meservey, Chairman of the Committee on Resolutions, presented the following:

Resolved, That we, as citizens of the United States, are assembled here by reverence for the Constitution, and an unalterable attachment to the National Union, and a fixed determination to do all in our power to preserve it for ourselves and posterity.

Resolved. That the highest civic duty of an American citizen is to promote the prosperity of his own country; that to do this we should endeavor to preserve, strengthen and defend the principles of American Republicanism, as they were promulgated in the revolution of 1776, and incorporated in the Constitution of the United States.

Resolved, That we regard with the deepest anxiety the present disordered condition of our national affairs. A portion of the country being ravaged by civil war, and large sections of our population embittered by mutual recriminations, and we distinctly trace those calamities to the culpable neglect of duty by the present National Administration on the one hand and a desperate effort to further the ends of political gamblers on the other.

Resolved, That all who revere the Constitution and Union must look with alarm at the parties in the field in the present Presidential campaign—one claiming only to represent sixteen Northern States, and the other appealing to the passions and prejudices of the Southern States—that the success of either of the factions must add fuel to the flame which now threatens to wrap our dearest interests in one common ruin.

Resolved, That while we are deadly opposed to the spirit of Slavery extension, now and forever, we still recognize the South as a common brother under that Constitution which we revere and honor; that they are entitled to all the privileges which the Constitution guarantees to the whole country.

Resolved, That in the nomination of Millard Fillmore and Andrew Jackson Donelson, we recognize a ready remedy for the appalling evils which overhang our country. That the only remedy for an evil so appalling is to support the candidates pledged to neither geographical section now arrayed in political antagonism, but holding both in just and equal regard; that we congratulate the friends of the Union that such candidates exist in Millard Fillmore and Andrew Jackson Donelson, and bespeak for them the cordial support of National men in all sections of the country.

Resolved, That Millard Fillmore shall be the next President, and Andrew Jackson Donelson the next Vice President of these United States.

The resolutions were unanimously adopted.

Speeches were then made by Messrs. Dakin and Totten, of Waukesha, L. W. Kennedy, of Milwaukee, and Prof. Starks, of Milwaukee.

Letters were then read from Messrs. Thos. H. Clay, of Kentucky, John Bell, of Tennessee, Erastus Brooks, Judge Comstock, and others, regretting that they could not be present, and participate in the proceedings:

The following nominations were then unanimously made:

ELECTORS AT LARGE.

Harrison Ludington, of Milwaukee.
D. A. Fairchild, of Mineral Point.

DISTRICT ELECTOS.

1st—Robert Chandler, of Milwaukee.
2d—Zeni Rounds, of Green County.
3d—Richard Dart, of Marquette.

FOR CONGRESS—1ST DISTRICT.

Samuel Bishop, of Milwaukee.

STATE CENTRAL COMMITTEE.

Chas. R. Dakin, of Waukesha.
John Colgate, of Milwaukee.
John Bracken, of Mineral Point.
Zeni Rounds, of Green County.
Richard Dart, of Marquette.

The following then passed:

Resolved, That the Secretary be requested to furnish each of the journals in the city with a copy of these proceedings for publication.

Meeting then adjourned with three cheers for Fillmore and Donelson.

MARITAL RIGHTS OF CATHOLIC PRIESTS.—A late number of the *Catholic Telegraph* confirms what has been said in regard to the power of the priesthood. It says Catholic priests can and do marry parties one of whom is a Protestant. They also marry parties one of whom is a Protestant and the other a Catholic, but upon the condition that the Protestant party must promise never to interfere with the free exercise of the religious rites of the Catholic party, and, second, that the issue of such marriage shall be brought up in the Catholic faith otherwise no Catholic priest can marry them.

☞ Mr. Heald, the English gentlemen of great fortune, who married Lola Montez, is dead. He was quite young, and the affair with Lola cost him a mint of money.

Irregularity of the Mails.

HARTLAND, Wis. Sept. 21, 1856.

MR. EDITOR:—I am requested to look out the causes of the gross and long continued irregularity of the mails between Chicago and this place. We have suffered, almost to madness during the last two years, by the delays and misdirections of our mail matter. Nearly one third of our mail matter goes to Hartford, and is gone a week or more, and about the same proportion of Hartford mails come here. Letters from Kenosha, Beloit and Janesville, are from 5 to 13 days reaching us, and very great loss and inconvenience to business men, are the results. The clerks in the Milwaukee Post Office are undoubtedly to blame. They may consider it a small matter; but it seems to us that the mail service was established for higher purposes than merely to give clerks an opportunity to blunder about Post Offices for wages. After so many admonitions as they have had, without amendment, they deserve to be caged and fed on canary seeds.

ASSITANT P. M.

REMARKS.—That there is just ground of complaint for the irregularity and unfaithfulness of the Post Office Department in this State, we know to our cost, as our loss from this source cannot be less than two or three hundred dollars a year. Almost daily we have complaints of the non-reception of our paper, by our subscribers, and are continually receiving letters saying that they fail to receive more than one out of three, or one out of four of their papers. We often receive letters from subscribers discontinuing our paper on the ground that they cannot get enough of them to make it any object to take them, and frequently the statement is appended that large numbers of our papers would be taken at the Post Office, if they could be received with any certainty or regularity. We can point to various districts where our paper is almost shut out by this prohibitory Post Office tariff—There are other districts, like the Northern part of Waukesha County, where for three successive years just before election, our papers have been kept back for several weeks or suppressed altogether. We have suffered annoyance from these failures, and have tried in vain to ascertain where the fault lies, and long ago made up our minds that there was no remedy but in a change of administration. We therefore counsel patience, and encourage our friends to hope for a salutary change after the 4th of March next.

RAILROAD AID.—At a meeting at Oshkosh, on the 20th inst., a committee, consisting of E. Wheeler, J. Jackson, W. B. White, B. Miner, and G. F. Wright, were appointed, to draft an act, allowing the voters of the city of Oshkosh, to vote in aid of the construction of a railroad from said city to the village of Ripon.

NEW POST ROUTE TO KANSAS.—A new post route has been established by Congress and approved by the President, from Topeka in Kansas via Nebraska City to Mt. Pleasant and Burlington Iowa.

This gives two mail routes to Kansas, the one by the river through Border Ruffianism and the overland as above.

FIRE AT MENOMONEE FALLS.—A dwelling house belonging to Peter Smith, in which was the Post Office, and a dwelling house and a shoe shop, belonging to Francis Gaive, at Menomonee Falls, Waukesha County, were destroyed by fire on the night of the 19th inst. The property belonging to the Post Office was saved.

GERMAN FREMONT MEETING.—A respectable number of our German citizens met at the Rocky Mountain Camp last evening, and were addressed by Dr. Rauch, Messrs Domschcke, and J. H. Paine.

☞ The contractors have commenced work upon the University building at St. Paul. It will be 277 feet in length, consisting of a main centre, and one wing and extension each side. The width of the centre is to be 57 feet, the length of the extension 63 feet, and the width of the wing 47 feet, and the centre to be four stories in height above the basement, the rest three above the basement. The estimated cost of the whole complete is $122,000.

☞ The English papers announce the death of Rear-Admiral Sir John Ross, the celebrated Artic navigator. He was in his 80th year, and up to the period of his brief illness, was strong and active for a surprising degree, considering the hardships to which he had been exposed in the many scenes, trying alike to mind and body, through which he had passed.

☞ The emigration from the port of Liverpool, during the past month, numbered 19,393 against 8,998 in the corresponding month of 1855. Of this number 7,911 went to the United States, 1,261 to Australia, 481 to St. John Halifax and Quebec, and 39 to New Zealand.

☞ Rev. Dr Thomas Robbins long the Secretary of the Connecticut Historical Society, died at Colebrook on the 13th. The Historical Society are now the owners of the fine collection of books which the good doctor has made it the leading object of his life to collect.

☞ The Ohio River, it is stated, is now fordable safely in all points at Wheeling. There were but fifteen inches of water in the channel on Wednesday last, and falling steadily.—Of course no boats are running, and business there in consequence is quite dull.

☞ The people of Shelbyville, Ky., got up one morning, and found a handsome pole erected, and Fremont and Dayton flying from its peak. A furious crowd surrounded it, and cut it down.

☞ Judge Potter, Member of the Assembly from Walworth County, who was taken seriously ill with asthma and congestion of the lungs at Madison on Monday night last, was convalescent yesterday.

☞ Capt Ingraham, of Costza notoriety, visited the Boston Navy Yard on Saturday, and was honored with a salute of 13 guns.

ARGUMENT.—Upon the points in which we dissent from each other, argument will always secure the attention of the wise and good;—whereas invective must disgrace the cause which we may respectively wish to support.

LONGEVITY.—Mr. Adam Deems, sr., died at Parkinsburg on last Sunday, at the advanced age of 102 years. Mr. Deems emigrated to Wood County before the beginning of the present century, and has been a resident there.—*Richmond Whig.*

Francis A. Hoffman.

By the following letter, addressed to the President of the German Fremont Clubs of this city, it will be seen that Mr. Hoffman, if his health permits, will address our German fellow citizens at the great Mass Meeting in this city, on the 2d of October:

LETTER FROM FRANCIS A. HOFFMAN.

COTTAGE HILL, ILL., Sept 29, 1856.

MR. EDWARD DIEDRICHS—

My house in Chicago sent me here your letter of the 9th inst. I have been for some time seriously ill, and I am now here at my summer home for the purpose of recovering my health. It is very likely that I shall have to remain in bed another week. I am now hardly able to write these few lines.

Although four invitations (Tippecanoe, Butterfield, Detroit and Pittsburgh,) beside yours, now lie before me, I shall regard it a great pleasure to be with you on the 2d of October, and to assist you with my feeble powers, if I am well enough to do it.

With great respect, yours,
FRANCIS A. HOFFMAN.

Six Years Ago.

J. W. Gray, Fierce postmaster of Cleveland Ohio, and editor of the *Plain Dealer*, and now one of Buchanan's most unscrupulous and vicious supporters drew the following portrait of James Buchanan. Read it Democrats.

Here is what he said of James Buchanan only six years ago in the *Plain Dealer*, then as now the leading organ of the Democracy of Northern Ohio:

"The small malignant clique who wear the name of James Buchanan on their collars, are endeavoring to sell the democracy of Pennsylvania into the hands of the South Carolina traitors. *James Buchanan never was elected by the people to any office except when he was a Federalist.* HE HAS NOT ONE THROB OF DEMOCRATIC FEELING ABOUT HIS COLD-BLOODED BACHELOR HEART. He could not receive the votes of one-third of the people for any office. And yet by the force of *management* of the basest kind of political machinery, he has been alone for several years to crush the Democratic party of that State—to hang about its neck like a millstone, to kill every progressive idea thought in its bosom. He and his tools virtually gave the State to Taylor in 1848 and if Bigler is defeated—a good and noble man—you may charge it to James Buchanan, who, like the old man in the history of Sinbad the sailor, now hangs on Bigler's neck."

SUPPRESSION OF NEWSPAPERS IN CALIFORNIA.—One who travelled extensively in California last year, informs us that, among other expedients which at that time were in the ascendant, was the suppression of all the newspapers of a certain character arriving from the Atlantic States either by buying up the whole edition in San Francisco, or by destroying the packages on their way to the mountains. In consequence of this, it was scarcely possible, in the remote districts, to obtain information relating to both sides of political questions. The New York *Tribune*, which was largely sent to California, and for which a correspondent inquired in scores of places, could not be had. The Boston *Journal* was also kept from California readers. Our informant inquired at the express office through which these papers were regularly sent, and was told, after three or several arrivals of steamers, that they were not come, and nobody knew why. It is to be hoped that the circulation of newspapers from this part of the Union is not now obstructed in California by the same methods. There is still greater reason now than there then was, for stopping them on their way.—*N. Y. Evg. Post.*

CHANGE IN BRITISH OFFICERS.—The change which two short years have effected in the character of the English officer who has served in the Crimea is a subject of general remark, both in London and the provinces. When the troops embarked for the East the disease of "haw haw ism" was painfully prevalent among the younger officers, both in the Guards and in the line; the symptoms being a cold supercilious bearing toward the men and no inconsiderable share of puppyism in their intercourse with civilians. But the hardships and skills of campaigning, the terrible winter in the trenches, and the desperate hand to hand encounters of Balaklava and Inkerman, have effected an entire revolution in the character of the Crimean officers. It has "made men of them." Nothing binds men together like companionship in danger. The recent campaign developed a self reliance and gallantry in our ensigns worthy of the best epochs in our military history; and it has taught them the invaluable lesson, that men are to be valued, not by a certain conventional standard, but by what they are and what they can do.

THE LAST OF THE MOHAWKS.—The Detroit *Advertiser*, of the 6th, states that the body of "William John," second chief of the Six Nations, was found in the Welland Canal, near the Mohawk village, on Sunday morning, the 24th ult. The deceased had probably attempted to cross a wire bridge during the night, and had been precipitated into the water.

The fact that makes this incident noticeable is that "William John" was a grandson of the noted Captain Brant, and one of the last, if not the last of that remarkable family.

A HAPPY RETURN.—Under this caption, the *Church Journal* of Boston, chronicles the return to the Episcopal fold of a young man who recently—after only a few weeks sojourn at the General Theological Seminary—in a remarkably sudden manner, joined the Church of Rome. His public renunciation of Catholicism took place in the Church of the Advent Boston.

We charge that Mr. Fremont is a Roman Catholic. Now, if he is *not* a Catholic, why don't he come out and deny the fact?

N. Y. Express.

We charge that the editor of the *Express* is a consummate ass. Now, if he is *not* an ass, why don't he come out over his own signature and deny the fact?—*Syracuse Journal.*

☞ The Kilbourn City *Mirror* says:

We have heretofore stated that there was but little doubt that the railroad would be completed to this place, and the cars be running, by the 1st of September next. While we do not wish at present to raise any very strong expectations that it will be completed sooner, yet it is proper that we should say that there is considerable probability that arrangements will be made to complete it to this place as early as next spring.

A CAPITAL CORRESPONDENT.—Williams, our quarter-master, is an eccentric character. He is married, and constantly receives letters from his absent wife; these, however, he never opens, but keeps them all tied up. On his return, he says she can read them to him all of a lump.—*Aulaja's Visit to Constantinople.*

George III., talking to Hutton, the Moravian missionary said:

"Mr. Hutton, I am told that you Moravians do not select your wives, but leave it for your ministers to choose for you—is it so?"

"Yes, please your majesty; marriages amongst the brethren are contracted, as your Majesty will perceive, *after the fashion of royalty*."

SNUFF.—A gentleman once asked the celebrated Dr. Abernethy if he thought the moderate use of snuff would injure the brain?

"No, sir," was Abernethy's prompt reply, "for no man with a single ounce of brains wo'd ever think of taking snuff."

☞ WAUKESHA COUNTY CONVENTION.—A Convention of the delegates from each Town in Waukesha County, will be held at the Court House in Waukesha, on Saturday, October 11th, at one o'clock P. M., for the purpose of nominating suitable persons for County Officers.

It is earnestly hoped that the Towns be thoroughly canvassed previous to the Convention, and it is expected that the delegates will make reports of the prospects of the Republican cause throughout the County.

LATEST NEWS !

H. SORLEY & CO., 111 East Water street, and H. W. ANGELL, at the Post Office, have New York papers every morning on receipt of the mails.

Mr. Glatz and Mr. Hertel.

As Mr. Hertel, in his communication of yesterday, appealed to Mr Glatz for the truth of his statement, we publish the report of the meeting in the *Atlas* of this morning, signed "G.," written by Mr. Glatz, before Mr. Hertel's letter appeared:

When Mr. Domschke, in the course of his speech portrayed the excellency of the democratic administration of the Union, as well as that of the State of Wisconsin, which brought us civil war in Kansas on the one side, and a loss of nearly three millions of public money on the other, some of the Hunkers present felt themselves induced, by the call of "*Democrats come out*," to warn their flock of the power of truth, and of its salutary effect. Mr. Hertel, Alderman and Banker, commanded. A riot was organized, in order, through the imitation of the animal world, to overpower the human voices and the human understanding. It accomplished nothing. Mr. Domschke concluded his speech amid great and well earned manifestation of applause. Mr Lord followed him in English, and Mr Ruech in the German language, who to the close represented the question of the day in a masterly manner, with the great attention by the meeting. As our Local tells, they had formed a regiment of Lodge row (Street Boys, who (a part armed with sticks) endeavored by grimaces and howling to exhibit their sympathy for Judge Dunlap and the Border Ruffian Democracy in a worthy manner. The success of the Republicans was a brilliant one. The meetings in the "Iron" Ward will be continued. Long live Mr. Hertel and the loafers, and his colleagues.

Response of Mr. Glatz.

The undersigned declares in relation to the report published by Mr. Hertel, in the *Free Democrat* and the *Sentinel*, That he, the undersigned, in the Republican meeting held in the sixth Ward, last Monday eat near Mr. Hertel. A little while after Mr. Domschke had began to speak, a man sat down near Hertel and spoke to him about politics, loud enough to hinder me from hearing the words of the speaker. The precise substance of the conversation I cannot relate, because I was endeavoring to hear as little from that conversation, and as much from the speaker as possible.

The other gentleman left him, and I heard Mr. Hertel say, "All right." When Mr. Domschke alluded to the frauds of Barstow's administration, All Hertel got up in his chair, and shortly after that I heard the cry—"Democrats, come out." I did not hear that this cry was uttered by Mr Hertel. It came from the midst of the Hall, and from near the place where that gentleman stood who spoke before with Mr. Hertel.

So far as I know, Mr Hertel did not participate in the following tumult in the Hall. He left the Hall with the other man, and uttered the words, I do not know whether to me or to another—"The speaker himself is to blame for the disturbance." I do not know what else Mr. Hertel said, nor what he did out of the Hall. The report in the *Atlas*, signed "G." was written by me, and contains my opinion concerning the conduct of Alderman Hermann Hertel, and it is founded upon my own observation, and the statements of other men who are in every respect reliable.

ACCIDENT ON L. S. R. R.—*Conductor Killed.*—The *American* of this morning says: We learn that a fatal accident occurred on the Lake Shore R. R. below Waukegan, on Tuesday P. M. A gravel train was backing up on the side track and came in contract with a large ball, throwing two or three of the cars off the track, and causing a general smash up. FRANCE.—The Emperor celebrated the anniversary of the fall of Sebastopol by a dinner to the troops stationed at Biarrit.

The crops were turning out satisfactory in breadstuffs, generally. The heaviness which prevailed in the market during the early part of the week had given way and an improvement was observable towards the close. The decline during the week on the quotations advised by the Pacific was equal to 2d per bushel in wheat, 1-6d. 2s on corn, while in regard to flour the market is called dull and slightly easier.

Reports of the potatoe disease continued, but the damage was said to be less extensive than previously supposed.

The Hong Kong Difficulty.

WASHINGTON Sept 24.

Commodore Armstrong, commanding the U. S. forces in the East Indies, has transmitted to our Government the correspondence between himself and the Governor of Hong Kong, Sir John Browing, touching the seizure of John Phipps on board the American bark *Anna Buel man*, of which vessel he was an officer, by a British Police force, and about which statements have recently appeared in the newspapers.

Commodore Armstrong states that as soon as he became aware of the proceedings above referred to, he earnestly protested against them, asserting the doctrine that the U.S. Consul had authority in that and all similar cases, and likewise complaining of the courteous treatment which Consul Keenan was subjected to owing to his intervention in behalf of Phipps.

To this communication the Governor replied, claiming that Hong Kong being a British possession the authorities there if were fully warranted in their acts, and entered into a recapitulation of certain points of international laws in justification. The Consul had previously been permitted to sit as a judge to hear cases affecting American seamen, but on this occasion the privilege was denied. Having failed to settle the points involved, the Commodore and the Governor have referred the matter to their respective Governments for solution.

Foreign Intelligence by the Str. Kangaroo.

PHILADELPHIA, Sept 24.

The steamer Kangaroo reached her dock this morning.

The London Times has a severe leader on the suspension of the Royal British Band, which it pronounces a disgraceful affair.

Commercial letters from Paris state that business for the past week has been very quiet, without change. The late enormous arrivals of grain from Marseilles had caused holders to abate their pretensions, and prices were declining.

SPAIN.—The latest telegraphic intelligence contains nothing of peculiar interest.

The Cabinet is said to be unanimous, and to possess the entire confidence of the Queen.

The Madrid journals contain an official justification of the decree dissolving the Cortes. The Ministers declare that this Assembly had outstripped the limits of its powers, and that it has acted regardless of the restrictions which were originally put upon its members by the decree of convocation.

Corn falling in Madrid.

AUSTRIA.—The intervention of Austria in the contest between the Montenegrins and the Turks is more talked of as impending in addition to the threatened detaching of an Austrian force to the Montenegrin frontier. It is now asserted in the German papers that instructions for an immediate diplomatic interference with the Sultan have been sent to the Austrian Ambassador at Constantinople.

A boat from the ship Ocean Home has been picked up, contain Edward Harvey, 2d mate, Frederick Mow and James Manning, seamen, and one passenger unknown.

ROCHESTER, Sept 24.

FILLMORE CONVENTION.—The Fillmore State Convention reassembled at 12 o'clock last night and completed their nominations as follows: State Prison Inspector, James P. Saunders, of Westchester; Clerk of Court of Appeals, Alexander Mann, of Monroe; Electors at large, Daniel Ullman, of N. Y., J. C. Dunn, of Erie.

From South.

COLUMBIA, S. C., Sept. 24.

There was a heavy frost in the vicinity, last night, and it is found that much damage has been done to the cotton crops.

MAN KILLED.—Yesterday morning, an unknown man was killed by the passenger train going east, on the Michigan Southern Railroad, at the Junction.—*Chicago Tribune, 25th.*

Astonishing Cure with only One Bottle.

JOS. B. HALL & CO., say:

PRESQUE ISLE, Aroostook Co., Me., Aug. 21, 1856.

We have with scarcely the exception of a cure performed by the use of only one bottle of the German Bitters. We think Mr. Clark to be a man of veracity, and have no doubt of the truth of his story.

Messrs. Jos. B. Hall & Co.—*Gent'lmen:* In answer to your inquiries, I will state that my daughter aged 16, has been complaining of a pain in her side for 6 or 7 years, and about the 18th of January last, was taken down and confined to her bed. The pain in her side was very severe, besides being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by Hoofland's German Bitters, I was induced to try it in her case, and sent to your store and purchased one bottle. She had taken it but a few days when she began to improve, and now after taking only one bottle, she is enjoying better health than she has for years. She feels no pain in her side or any part of her body, and attributes her cure entirely to the German Bitters. WM. CLARK.

TO BRIDGE BUILDERS!

THE LA CROSSE AND MILWAUKEE RAILROAD Company invite *proposals* with plans and specifications, until Wednesday noon, October 15th next, for building a bridge over the Wisconsin River, on the line of their Road. This Road extends in a northwesterly direction across the State to Milwaukee on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City in Columbia County. The river at this point runs in a rocky bed, the banks of which are vertical rock blufs to the height of 80 feet above the water, at which point they are at the grade line of the Road, and about 350 feet apart. The water is about 20 feet deep, having in the middle of the stream a rock rise of nine feet, leaving the rock bottom—It is proposed to erect two piers about 50 feet from either bank, at which points the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 207 feet, and two of 150 feet at the ends, resting upon the natural rock abutments. It is desirable to construct the bridge so as to give a way below the Railroad track, for using the lower over the higher section of the bridge.

The Company reserve the right to accept the contract to any person offering, but in case of their giving the contract to any bridge builder on a plan not offered by any other person, they will pay to the person furnishing such plan, the sum of Five Hundred Dollars in full consideration of the plan and specifications so adopted.

☞ Fever and Ague cured without using quinine, arsenic, mercury, opium, or any of the poisonous drugs or dangerous compounds usually resorted to by sufferers from this long drawn, most afflicting and annoying of all diseases, by resorting to Carter's Spanish Mixture, which contains none of the above deleterious substances, but cures effectually and fully by acting specifically on the liver and skin, purifying the blood and expelling the remains of old medicines with which the system has been clogged, opening the pores of the body, and allowing nature to exist itself in breaking up the disease and recuperating its energies. See to cure of Mr. John Longdin, of Va.; he had fixed and chronic ague and fever; chills twice a day for three years; nothing permanently cured him until he tried Carter's Spanish Mixture, three bottles of which perfectly restored him to health, nor has he had a chill since. He is only one out of a thousand who has experienced the life restoring effects of this valuable purifyer of the blood.

CLOTHING!
143 & 145
EAST WATER STREET,
Marble Block, one door south of their old stand.
HAVING RECENTLY RECEIVED AN extensive Stock, and daily adding to it the latest styles of **SPRING GOODS,**
Together with an enormous stock of DOMESTICS, purchased in the late very low figures, with a view of being prepared for the EARLY SPRING TRADE, without being subjected to the exorbitant rates of Railroad freight on such goods as are sold at a much higher Eastern cost, we are prepared to show, and will be most happy to sell, the most complete and extensive Stock of
DRY GOODS,
Ever before offered in the West.
Being connected with several large manufacturing establishments and importing houses at the East, giving us advantage over any other Merchants in the city, and our established principle of doing business being well known by every city and country customer to be of the most liberal nature, we flatter ourselves that we can say with safety that we consider competition quite out of the question.
We would ask to
COUNTRY MERCHANTS
Who design going East to purchase, that we would consider it a favor if they would favor us with a call prior to leaving for New York and Boston, as we feel quite confident that we can convince them that it is to their interest to purchase in Milwaukee.

BOWLING FOR THE MILLION!
The Nucleus of Pleasure Reduced to Five Pence
DURING THE DAY!
THE "BADGER STATE" SALOON TRIUMPHANT!
Roll away, bowler, roll away all,
Set up the pins, boys, the price is but small;
Off with the coat, now, and roll up the sleeve,
And at it, my jolly lads—heave away, heave.
With the arm's muscles bare, for one hour, fling
Dull care to the air, and at five cents a string;
Roll away, bowler, hearty and strong,
'Twill develope the man, and his life thus prolong
Who would sit moping all day in his chair,
When pleasure and profit, so rich and so rare,
Can be had, and that, too, at such a cheap rate,
At the Bowling Saloon of the old "Badger State."
Come, then, "Young America," foreigners too,
Here's rolling and bowling—not just for the few,
But for old and for young, for little and great—
Come join in the fun at the old "Badger State."
